## Lakshmi Ambady

Layasthana, founded by Lakshmi Ambady, merges digital art and graphic design. Formerly a Biomedical engineer and Business Analyst at Accenture, Lakshmi transitioned into a full-time artist and designer driven by a passion for merging art with spiritual sciences. Her studio, "Layasthana," meaning "a place of dissolution" in Sanskrit, reflects her exploration of Indic philosophy and yoga through creative work.

Published poet and author of "Moon, Snakes, Love," Lakshmi's art is imbued with cultural richness and spiritual essence.

Lakshmi is also a dedicated educator, inspiring and empowering aspiring artists through workshops and online tutorials. She shares her extensive knowledge and passion for digital artistry, fostering creativity and technical excellence within the digital art community and beyond. Her commitment to her craft and her desire to share the profound beauty of Bharat's culture has earned her a respected place in the art world.
